49.	EPA-HQ-2018-011816	Claire Palandri		43369	Stephanie Flaherty	drinking water quality violations in the US that occurred in 2006-2016. I want to estimate, for each county, the share of the county's population that was subjected to Total Coliform violations during the periods of non-compliance. The current SDWIS platform only provides the most recent "population served" levels of water systems. To estimate the exposed population share for past violations (going back to 2006), I need to know what were the population served levels in the past.
